

Terms of Service

Last revised: 5-10-2026

TL;DR:

Eduface is built to support educators with AI-powered feedback and grading, **always under your control**. We **never** use your assignments or personal data to train our AI models.

Your data is protected using **strong encryption** and processed exclusively on cloud infrastructure within the **EU**. The AI assists, the educator decides: institutions choose how feedback and grades are reviewed before students see them, and privacy remains a top priority.

Definitions

Eduface, a trading name of Blockbook B.V. (Chamber of Commerce number: 89149033), with its office at Europalaan 93, Utrecht, the Netherlands, respects the privacy of its users and ensures that any personal information you provide to us is treated confidentially.

In these Terms of Service (the "Agreement"), the following terms shall have the meanings ascribed to them unless the context clearly indicates otherwise:

- **"Eduface"** refers to Blockbook B.V., the entity that manages, develops, and maintains the digital platform, including all software, databases, interfaces, linked media, user interfaces, and design specifications that collectively form the educational platform, offered via <https://eduface.me/> or through an integration in a learning management system.
- **"Institution"** means an educational institution or organisation that has entered into an agreement with Eduface to make the platform available to its educators and students.
- **"User(s)"** includes individual teachers, education professionals, students, Institutions, and any other legal or natural person who registers, accesses, or uses the Eduface platform.
- **"Content"** refers to all forms of data, information, text, images, audio, video, software, and other material that can be viewed or used on the platform, including educational materials, rubrics, feedback reports, and exam materials.
- **"Your Content"** means any content, materials, data, and information, including texts, images, documents, assignments, and feedback, uploaded, shared, or otherwise made available by you or on your behalf to Eduface.

If your Institution has a separate agreement and data processing agreement with Eduface, those agreements prevail over this Agreement where they differ.

Usage Rights

Eduface grants a non-exclusive, non-transferable, and limited right to access and use the platform solely for your educational or professional purposes, subject to your full compliance with this Agreement. You agree not to use the platform for unlawful purposes, interfere with or disrupt the operational integrity of the platform, or attempt to access parts of the platform that are not intended for you.

Scope of Services

- **AI Exam Grader:** grading of open and closed exam answers at scale, with grades returned to the learning management system after approval.
- **Human oversight:** the AI assists, the educator decides. Institutions choose how much human oversight they want, for example whether educators review and approve feedback and grades before students see them.

- **Beta features:** some features may be offered as a beta. Beta features are provided as they are, may change or be discontinued, and may be subject to additional terms.
- **Development and Optimization:** Eduface continuously improves its purpose-built AI models, informed by educational research, insights from pilots and institutions, and anonymous quality ratings from educators. Your Content is **never** used to train our models.

Intellectual Property

All intellectual property rights (including copyrights, patents, trademarks, trade secrets, and database rights) in the Eduface platform, its software, and all content provided by Eduface (excluding Your Content) remain the exclusive property of Eduface and/or its licensors at all times. Use of the platform does not grant you any ownership rights or licenses to such intellectual property, other than the limited usage rights granted herein.

You and your Institution keep all rights to Your Content. Students keep the copyright on their own work. Eduface **never** uses Your Content, including student assignments, to train its AI models. Educators can optionally rate AI-generated feedback; these ratings are anonymous and contain no personal data.

Data Protection

Eduface processes personal data in accordance with the General Data Protection Regulation (GDPR) and other applicable data protection laws. When an Institution uses Eduface, the Institution is the data controller and Eduface processes personal data only on its instructions, under a data processing agreement.

All data is processed exclusively on cloud infrastructure within the EU and is not transferred outside the European Economic Area. Data is encrypted both in transit and at rest, and data of different Institutions is kept separate. Any security incidents can be reported to info@eduface.me and will be handled by the person responsible for privacy at Eduface.

Cloud Infrastructure

Eduface operates as a Software-as-a-Service (SaaS) platform and relies on established cloud providers for secure data storage and processing. These providers act as sub-processors under written agreements and are bound by the same obligations as Eduface. Eduface **never** sells Your Content and does not share it with third parties, other than the providers needed to run the service or where the law requires it.

Your Content

By uploading, submitting, or otherwise making available Your Content on or through the Eduface platform, you grant Eduface a non-exclusive, royalty-free license to use and process such Content solely for the purpose of operating, securing, and delivering the Eduface platform to you and your Institution. This license ends when Your Content is deleted from the platform.

You represent and warrant that you have all rights necessary to grant this license, and that the use of Your Content by Eduface does not infringe on the intellectual property rights, privacy rights, or any other rights of third parties.

Eduface reserves the right to modify or amend this Agreement. Users will be notified of any material changes via email or a notification on the platform before the changes take effect. Your continued use of the platform after such notice constitutes acceptance of those changes.

Termination

This Agreement remains in effect until terminated by you or Eduface. You may terminate this Agreement by closing your account and ceasing to use the platform. Eduface may terminate this Agreement at any time, including in case of a breach of any provision of this Agreement. After termination, Your Content is deleted in accordance with our Privacy Statement and, where applicable, the agreement with your Institution.

Indemnification

You agree to indemnify and hold Eduface, its officers, directors, and employees harmless from and against all claims, liabilities, damages, losses, costs, and expenses, including reasonable legal fees, arising from your use of the platform, Your Content, or your violation of this Agreement.

Limitation of Liability

Eduface strives to provide accurate and reliable AI-generated feedback and grade suggestions. However, as with any AI system, occasional inaccuracies or biases may occur. The platform supports transparency by showing an explainable breakdown per criterion. Educators remain responsible for reviewing feedback and grades before they are shared with students or used in final assessment.

Eduface and its affiliates shall not be liable for any indirect, incidental, special, consequential, or punitive damages, including loss of profits, data, use, goodwill, or other intangible losses resulting from:

- Your access to or inability to access the platform;
- Any third-party content on the platform;
- Any content obtained from the platform; or
- Unauthorized access, use, or alteration of your transmissions or content.

If your Institution has a separate agreement with Eduface, liability is governed by that agreement. Nothing in this Agreement limits liability that cannot be limited under applicable law.

Governing Law and Dispute Resolution

This Agreement shall be governed by and interpreted in accordance with the laws of the Netherlands. Any disputes arising from or related to this Agreement shall be submitted to the competent courts in the Netherlands or, where applicable, to a competent court in another jurisdiction as mutually agreed upon by the parties involved.

General Provisions

This Agreement, together with any separate agreement between Eduface and your Institution, constitutes the entire agreement between you and Eduface regarding its subject matter and supersedes all prior agreements or understandings. If any provision of this Agreement is found to be invalid, the remaining provisions shall remain in full force and effect.
