BREAKOUT ROOM · CONSISTENCY

Consistency without showing AI grades

with Dante Torbed, Eduface

Eduface | Jisc

THIS ROOM

Three parts

Vote on
five statements

**A short demo:
the consistency check**

Discussion

Eduface | Jisc

STATEMENT 1 OF 5

In the short term, AI will have an impact at my institution on...

A Formative feedback only

B Formative and summative feedback

STATEMENT 2 OF 5

Two markers on the same module would give the same assignment a different mark.

Agree

Disagree

STATEMENT 3 OF 5

Our current moderation catches most inconsistent marking.

Agree

Disagree

STATEMENT 4 OF 5

Students notice when feedback differs between markers.

Agree

Disagree

Eduface | Jisc

STATEMENT 5 OF 5

I would trust an AI that flags marks more than an AI that proposes them.

Agree

Disagree

Demo

The consistency check

AI that checks marking, without grading

Eduface | Jisc

THE CONSISTENCY CHECK

It reads every paper. It never shows a grade.

It does

- ✓ Analyses each paper in the background
- ✓ Flags marks outside the expected range
- ✓ Adds comments, if you want them

It doesn't

- ✗ Show an AI grade
- ✗ Change the lecturer's mark
- ✗ Make any decision

WHAT THE MARKER SEES

A signal, not a score

Essay 2 · Module EDU201 · your marking

SUBMISSION	YOUR MARK	AI GRADE	CONSISTENCY SIGNAL
#1042	**65**	Hidden	—
#1043	**58**	Hidden	—
#1044	**72**	Hidden	—
#1045	**41**	Hidden	Outside expected range
#1046	**67**	Hidden	—

Illustrative screen, fictional data.

Live demo

Same marking, one signal, no AI grade.

DISCUSSION

Is consistency without AI grades enough?

Or is it a first step towards something more?

Eduface | Jisc

DISCUSSION · 1 OF 4

Where would a signal like this have helped you last year?

DISCUSSION · 2 OF 4

Who should receive the signal: the marker, the module leader or the moderator?

DISCUSSION · 3 OF 4

What would need to be true before you trust a flag?

DISCUSSION · 4 OF 4

How would you explain this to your students?
